The image is a composite graphic. On the left, there is a stylized green globe with lush trees and white clouds, set against a dark blue sky. This globe is partially obscured by a dark blue rectangular area on the right. The dark blue area contains white text. Below the dark blue area, there is a solid orange geometric shape that overlaps with the bottom right corner of the dark blue area. The overall design is modern and professional, emphasizing environmental and corporate themes.

Health, Safety, Environment & Quality policy statement

We have appointed competent persons in relevant technical disciplines to assist the Company in managing health, safety and environmental risk, and have put in place a formal competence management system to ensure that everyone who has responsibilities under this policy is equipped to fulfill them.

The Company will ensure that the goals of client satisfaction, ongoing business development and profit are not in conflict with good HSEQ practice.

Our goal

The goal of Dahab Aljabal Oil Services is to be a leader in providing innovative and effective solutions for the oil and gas sector, with a commitment to the highest standards of quality and sustainability. We aim to achieve excellence by enhancing operational performance, reducing environmental impact, and building strong partnerships that support mutual success. We always strive to deliver results that exceed our clients' expectations and enhance the value of their investments, contributing to the development of the oil and gas industry in a sustainable and reliable manner.

Equipment's & Material supplies

A wide range of equipment's, parts, accessories, and services for O&G related projects. We strive for customer satisfaction in the products we deliver and the services we provide, as well as maintaining a working environment that encourages excellence.
